*See the back of this page for instructions, design tips, and other information*

## **Instructions:**

- Use markers, crayons, colored pencils, paint, etc.
- You may not glue or attach anything to the page that sticks up because entries must be scanned to make the cover.
- Include “**Kenbrook Elementary**” and “**2020-2021**” in the design.
- Please make sure that you paper clip this form with your name, grade, and teacher’s name on top of your entry.
- **DO NOT PUT YOUR NAME ON THE ACTUAL DESIGN**, just on the entry form that you attach to it.

## **Design Tips:**

- Make sure your lettering is neat.
- Make sure everything is spelled correctly.
- Bright and vivid colors make better covers because they scan better.
- Don’t put lettering or important design elements at the very edges of the page (1/4 inch all the way around) as they will get cut off when the cover is made. Your background and other parts of your picture should go all the way to the edges, though.
- Be creative and use your imagination!

## **Other information:**

- All work should be done by the student, and not by a parent or older sibling.
- We will try to put as many entries as we can into the yearbook. However, due to space constraints it is not guaranteed that all entries will be included.
- Entries will be scanned to produce the cover, so no changes may be made after the entries are submitted.
- If you have any questions, contact the yearbook coordinators at [yearbook@kenbrookpta.com](mailto:yearbook@kenbrookpta.com)

**Have fun and good luck!!!**
